VERIFIED BY TÜV SÜD

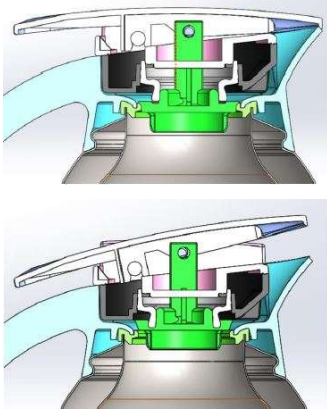

Product Carbon Neutrality

ISO 14067 · ISO 14068-1 · ISO 14064-3

Carbon footprint offset via certified VCS hydropower credits.

Sealed Hygienic Pushbutton stopper

- Liquid flows through the stopper without ever touching the stopper's interior mechanism.
- Perfectly hygienic
- Easy to clean.
- Spout remains closed to prevent dust and insects to come in

Easy-Open Lid

Ergonomic side button enables easy open-and-close with a single hand.

Reinforced Handle

R-angle design distributes grip load — built for daily use.

Non-Slip Base

Embossed dot pattern for stability and scratch resistance.

Leak-Free Pourin

Closed when idle: blocks dust and insects, more sanitary.

Electro-Polished Interior

Protection layer resists stains and guards against corrosion on the long-term.
